**Education**

*Classes, Conferences and Seminars Taken and Planned*

- Attended online UUA Minister’s Associate and General Assembly meetings. Helped to prepare video tapes for two workshops for the General Assembly. One on my mental health book and one on dismantling ableism. Both were well received.

How all of this affects the mental health of African Americans. **This was excellent!**

- Attended webinar: *Resilient Option – Mindfulness Redesigned for the 21st Century*, with Amit Sood, MD, April 8, 2020. How to enhance our resiliency. - Attended webinar: MHSA Focus Group, Sponsored by NAMI California, April 10, 2020. Good input session focusing on proposed changed to MHSA that would decrease family and consumer input. NAMI group was against these changes.

- Attended Webinar: *Trauma and Mental Health Peer Support* presented by: Tommy Newcombe and Tera Newcombe, sponsored by the Doors to Wellbeing, May 26, 2020. How peer support is particularly important in dealing with trauma. When trauma is explored as an experience rather than a personal flaw, conversations can shift to community change rather than trying to fix a “broken person”.

- Attended webinar *The Importance of Interfaith Understanding*, a presentation by the Commonwealth Club of California, May 26, 2020. Christian, Jewish and Muslim scholars talk about how to know and learn from one another.

- Attended webinar *State Peer Certification* presented by the California Association of Peer Run Mental Health Organizations, June 11, 2020. Discussed proposed standardized training for peer support specialists in the State of California in SB 803.

Pastoral Associates
Restarted the Pastoral Associate program at MPUUC as a co-leader. Organized an effort to call all congregation members to check in during the pandemic.

Priestly
- Worship Associate on at MPUUC on May 17, 2020, with our new minister Greg Ward, on the day of voting to call him!
- Led (virtual) worship on June 7, 2020 at Coastside Community UU congregation on “Evil.”

Social Justice

Community Awareness
- Mental Health pages on MPUUC web site continue to be widely accessed.
- Some items moved to the UU Mental Health Network site.

UUA Accessibility Group
- The congregational disability accessibility certification program called the Accessibility and Inclusion Ministry (AIM) program continues its general availability. Six congregations have officially completed the program and about 10 more are in process. I am in charge of implementing this program. Since so few congregations have taken this on, we are in the process of revising it so that it is more granular and seems more doable.
- We had an excellent virtual celebration event which featured an interview with Judy Heumann, a prominent disability activist who helped set the stage for the Americans with Disabilities Act. Far more people attended virtually than had ever attended a celebration in person.

UUA Addictions Ministry
As member of the UUA Addictions Ministry,
- Helped create a webinar on pastoral care for people with addictions. Is being made available to UU congregations during the pandemic.
- Helped a consultant to revamp the web site www.uuaddictionsministry.org.

Other

Books Read
- Rhodes, James. Instrumental – A Memoir of Madness, Medication, and Music, Bloomsbury, 2014. Brilliantly written, brutally honest memoir of a pianist who was sexually abused as a young boy, spent considerable time in mental hospitals, and who eventually overcame the worst parts of his illness to launch a career as a classical musician. Comes with a set of classical music pieces for each chapter. Highly Recommended.
- Hari, Johann, Lost Connections – Why You’re Depressed and How to Find Hope, Bloomsbury, 2018. Convincing argument that loss of connection to others and to work that has meaning causes depression, and how making connections of various kinds helps to restore you to mental health. Recommended.
- Kolker, Robert. Hidden Valley Road – Inside the Mind of an American Family, Doubleday, 2020. Story of a family with 6 sons who were diagnosed with schizophrenia, and 6 others who were not. The family was studied by researchers looking to discover what causes schizophrenia. Recommended.
- DeLisi, Lynn Eleanor. 100 Questions and Answers About Schizophrenia: Painful Minds, Third Edition, Jones and Bartlett Learning, 2017. Lots of good information from a prominent researcher on schizophrenia. Tends to be medical model-oriented, but there is a lot of good basic information, too.
- Jones, Nancy Palmer, and Lin, Karin. Mistakes and Miracles – Congregations on the Road to Multiculturalism, Skinner House Books, 2019. The authors chronicle the ups and downs in the tales of five UU congregations that endeavor to become multi-racial and multi-cultural. They identify the common threads they see, including: intentionality, relationships, leadership, multigenerational, diverse worship styles, community engagement, adaptability, risk taking, perseverance, courage and humility.

• SteinhoffSmith, Roy Herndon. *The Mutuality of Care*, Chalice Press, 1999. A method of doing pastoral care that explicitly acknowledges that both the pastor and parishioner are changed, and thus care is mutual. This context is broadened to include caring of a community for its own and the world.

• Moore, Wes. *The Other Wes Moore – One Name, Two Fates*, Random House, 2010. The author, a Rhodes Scholar learns of another man with his same name, from the same black neighborhood in Baltimore who was convicted of murder and is serving a life sentence. The story of how they could have lived each other’s story.

• Benedict, Marie. *The Only Woman in the Room*, Sourcebooks, 2019. A story based on the life of Hedy Lamarr, who fled from Nazi-occupied Austria in 1937, and became a Hollywood actress, producer and inventor of signal hopping, the basis for all modern wireless communications.
