

Mission Peak Unitarian Universalist Congregation Policy on

Inclusion of Remote Participants

While we are legally permitted to gather in person under certain restrictions, it is important to think about the social/emotional/spiritual costs of gathering. Who would we exclude? How would this fit with our mission and identity? Leaders who are planning an in person event are to consider these questions. If you decide to go forward with an in person meeting, we expect you will think creatively about ways to include those who may not be able to participate in person. A statement about your plan for inclusion of remote participants should be attached to, or included in, the Outdoor Events or other planning form when submitted for review.
